Funding Opportunity Title: AmeriCorps State Formula Grants FY 2011
Announcement Type: Amended announcement. Initially issued October, 2010
CFDA Number: 94.006

Dates: Applications are due **January 18, 2011** at 4:00 p.m. Eastern Time. Successful applicants will be notified by late summer, 2011.

Overview: The mission of the Corporation for National and Community Service (the Corporation) is to improve lives, strengthen communities, and foster civic participation through service and volunteering. For more than fifteen years, the Corporation—through its Senior Corps, AmeriCorps, and Learn and Serve America programs—has helped to engage millions of citizens in meeting community and national challenges through service and volunteer action.

On April 21, 2009, President Obama signed the Edward M. Kennedy Serve America Act, the most sweeping expansion of national service in a generation. This landmark law not only expands service opportunities, but also focuses the service investment on producing outcomes on key issues; expanding opportunities to serve; building the capacity of individuals, nonprofits, and communities to succeed; and encouraging innovative approaches to solving problems.

In alignment with the Serve America Act, this AmeriCorps State and National Notice of Federal Funding Opportunity will focus AmeriCorps grantmaking in six Focus Areas identified by the Act:

- Disaster Services
- Education
- Environmental Stewardship
- Healthy Futures
- Opportunity
- Veterans and Military Families

In order to carry out Congress' intent and to maximize the impact of the investment in national service, the Corporation is seeking to fund programs that can demonstrate an evidence-based approach to creating community impact and solving community problems.

In the AmeriCorps State and National competition this year, the Corporation especially seeks to focus investment on national service programs that improve academic outcomes for children, youth and young adults. This focus reflects the extensive experience and past success of national service programs in education, and aligns with the reform efforts of the Department of Education. In addition, the Corporation seeks to increase its investment in programs that serve veterans and military families, or that engages veterans in service.

This *Notice of Federal Funding Opportunity (Notice)* should be read together with the AmeriCorps regulations 45 CFR Sections 2520 – 2550 and the Application Instructions.

The Corporation embraces the Obama Administration's emphasis on open government and is moving toward greater openness and transparency in grant making. This amended *Notice* includes a description of the review and selection process in Section VI., below.

In addition, the following information pertaining to this competition will be published on the Commission website following the February 18 application deadline:

- A detailed description of the review and selection process.

I. FUNDING OPPORTUNITY DESCRIPTION

A. What is the purpose of AmeriCorps State Formula funding?

The Corporation's purpose is to maximize the power of service and volunteering to improve lives in communities across the country. In the Edward M. Kennedy Serve America Act, Congress directed the Corporation to focus national service in areas where service can make a major impact, including improving education; energy conservation; the health of all Americans; economic opportunity for economically vulnerable individuals; increasing service by and for veterans; and providing disaster services.

The Corporation is carrying out Congress's intent by targeting AmeriCorps State and National funding in these six focus areas, and is developing strategic objectives for each. In accordance with the Act, through this Notice and its other activities, the Corporation seeks to:

- Direct the power of national service to solve a common set of challenges.
- Expand opportunities for all Americans to serve.
- Build the enduring capacity of individuals, organizations and communities to effectively use service and volunteering to solve community problems.
- Embrace innovative solutions that work.

AmeriCorps grants are awarded to eligible organizations to recruit, train, and manage AmeriCorps members who address community needs. An AmeriCorps member is an individual who is enrolled in an approved national service position and engages in community service. Members may receive a living allowance and other benefits while serving. Upon successful completion of their service

members receive a Segal AmeriCorps Education Award from the National Service Trust.

AmeriCorps State Formula grants will be awarded on a competitive basis to eligible organizations that identify a problem(s) and persuasively demonstrate how deploying AmeriCorps members and community volunteers will produce significant impact in solving the identified problem(s).

B. What are the 2011 AmeriCorps State Formula funding priorities?

1. Focus Areas and National Performance Measures

As in 2010, in the 2011 competition the Corporation expects to invest a significant amount of available funding to programs working in the six Focus Areas of **Disaster Services, Education, Environmental Stewardship, Healthy Futures, Opportunity, and Veterans and Military Families**.

In particular, as noted above, the Corporation seeks to target its grantmaking in the Education Focus Area for greater impact and increase its investment in the Focus Area of Veterans and Military Families. Accordingly, to meet these goals, the Corporation will give priority consideration to the following, in descending order of preference:

- Education programs that are focused on improving academic outcomes for children, youth, and young adults, particularly those in low-performing schools and programs that serve veterans and military families, or that include performance measures focused on engaging veterans in service (Veterans Performance Measures 2 or 5).
- Programs that opt into the national performance measure pilot.
- All other programs in the Focus Areas with self-nominated measures.

Additional preference will be given to programs that lead to member outcomes (Opportunity Performance Measures 12-17).

Continuation requests that include a request for expansion will be prioritized and preferenced in the same manner.

Applicants proposing programs in the priority areas are not guaranteed funding. The Corporation will pursue a balanced portfolio across the Focus Areas, and other considerations outlined below in **Section VI. B. B. What are the goals of the review and selection process?**

Brief descriptions of the six Focus Areas follow:

Disaster Services:

Grants in the Disaster Services Focus Area will help communities with disaster mitigation, preparation, response and recovery. In order to be considered aligned with this Focus Area, applicants must submit self-identified performance measures that demonstrate community and member impacts as they relate to one or more of the functional aspects of disaster services. The application instructions include definitions and examples for each of the functional areas. The measures identified by successful applicants through this *Notice* will inform the development of national disaster services performance measures in future years.

Education:

Grants in the Education Focus Area will include programs that seek to contribute to the number of students who graduate from high school and college or university. In order to achieve that goal, the Corporation seeks to increase its investment in national service programs that improve academic outcomes for young children, youth, and young adults, particularly those in the lowest-performing schools.

Specifically, the Corporation seeks research- and evidence-based programs that help children and youth prepare for school; perform at grade-level; graduate from high school ready for college, work, and life; and succeed in college and university through academic engagement and civic participation.

Environmental Stewardship:

Grants in the Environmental Stewardship Focus Area will include programs that protect human health and the health of ecosystems by conserving natural resources and restoring the nation's air, water, and land. Environmental Stewardship programs may include activities that encourage organizations and individuals to use energy efficiently and utilize cost-effective renewable energy technologies; minimize waste disposal; restore watersheds and aquatic ecosystems; improve at-risk public use lands; restore critical wildlife habitat; increase soil stabilization and quality; mitigate the environmental consequences of disasters; and promote environmental sustainability.

Healthy Futures:

Grants in the Healthy Futures Focus Area will meet health needs within communities including access to care, aging in place, and addressing childhood obesity. Access to care is broadly defined and may include health insurance, culturally appropriate health care interventions, transportation, language translation, access to disease and disability prevention, health promotion initiatives, health literacy and efforts to address health disparities. Grants may support older adults, homebound individuals and disabled individuals with activities such as food delivery, transportation or other services that allow them to live independently, including evidence-based programs supported by other partner agencies such as the U. S. Departments of Health and Human Services and Veterans Affairs. The Corporation seeks to fund programs that target risk factors for childhood obesity, including poor nutrition and physical inactivity, and that reflect the recommendations of the National Prevention Council and the White House Task Force on Childhood Obesity.

Opportunity:

Grants in the Opportunity Focus Area will meet the needs of economically vulnerable Americans, their families and their communities. Opportunity programs may include activities that assist individuals and families that are homeless or at risk of homelessness; provide financial literacy training and tools designed to improve financial security; and expand employment possibilities. Opportunity programs include those that engage economically vulnerable Americans as AmeriCorps members leading to positive employment and/or educational outcomes. The Corporation will also support programs undertake community-based strategies to redevelop local areas that are struggling with under-investment and other barriers to economic

opportunity.

Veterans and Military Families

Grants in the Veterans and Military Families Focus Area will meet the needs of veterans and family members of active duty and deployed military personnel. Veterans and Military Families programs may include activities in the areas of health, education and economic opportunity, including the elimination of veteran homelessness, educational programs for children in military families, and economic opportunities for military spouses and veterans. The Corporation is also interested in supporting programs that target disadvantaged, homeless, or formerly homeless veterans and programs that align with the efforts of the U.S. Departments of Housing and Urban Development, Veterans Affairs, Labor, Defense, and the U.S. Interagency Council on Homelessness.

National Performance Measure Pilot:

In 2011, the Corporation will implement the second year of the National Performance Measures Pilot. National performance measures allow the Corporation to demonstrate the aggregated impact of AmeriCorps programs. While use of national performance measures remains optional in 2011, new and re-competing applicants are strongly encouraged to use them in planning programming. Applications that include national performance measures will be a funding priority in 2011. National performance measures are described in detail in Section VIII., below.

2. New Applicants

The Corporation anticipates that at least 15 percent of the funds described in this *Notice* will support applicants that have not received an AmeriCorps State or National operational grant in the last five years. Applicants that have received only a state or territory commission formula operational grant within the last five years will be considered new for purposes of this 15 percent target.

3. Encore Programs

Congress set a goal that 10 percent of AmeriCorps funding should support encore service programs. The Corporation seeks to meet that 10 percent target in this competition and encourages programs that engage a significant number of participants age 55 or older to apply.

II. AWARD INFORMATION

A. How much funding is available?

Subject to the availability of appropriations for fiscal year 2011, the Commission anticipates availability of approximately \$1.8 million to award new, re-competing, and continuation AmeriCorps State Formula grants. Based on recent experience and expressions of interest, the Corporation anticipates that this AmeriCorps grant competition will be highly competitive.

B. What organizations are eligible for funding?

Public or private nonprofit organizations, including faith-based and other community organizations; institutions of higher education; government entities within states or territories (e.g., cities, counties); labor organizations; and partnerships or consortia are eligible. Intermediaries are encouraged to apply. The Corporation encourages organizations that have

never received funding from the Corporation or AmeriCorps to apply for the grants

described in this *Notice*. Organizations that have been convicted of a Federal crime are disqualified from receiving the assistance described in this *Notice*.

III. WHAT ARE REQUIREMENTS THAT APPLY TO THESE GRANTS?

Program requirements, including requirements on match, are specified in the AmeriCorps regulations and summarized below.

A. What are the matching requirements for these grants?

Cost Reimbursement Grants

A first-time successful applicant is required to match at 24 percent for the first three-year funding period. Starting with year four, the match requirement gradually increases every year to 50 percent by year ten, according to the minimum overall share chart found in 45 CFR 2521.60.

Section 121(e)(5) of the National Community Service Act requires that programs that use other federal funds as match for an AmeriCorps grant report the amount and source of these funds to the Corporation on the Federal Financial Report.

Under certain circumstances, applicants may qualify to meet alternative matching requirements that increase over the years to 35% instead of 50% as specified in the regulations at §2521.60(b). To qualify, applicants must demonstrate that the proposed program is either located in a rural county or in a severely economically distressed community as defined in the Application Instructions.

B. What are the requirements regarding member living allowance?

The proposed budget must include a living allowance for full-time members that is between \$12,100 (minimum) and \$24,200 (maximum) per member except as noted below.

For cost-reimbursement grants, this amount must be included in the proposed budget. If a program chooses to provide a living allowance to part-time members, it must comply with the maximum limits in the chart below. While Full-time Fixed-amount grant applicants don't submit detailed budgets, they are still required to provide a living allowance to members that complies with the minimum and maximum requirements. Full-time fixed-amount grant applicants are not required to identify that amount in the application.

Table 2: Minimum and Maximum Living Allowance

Service Term	Minimum # of Hours	Minimum Living Allowance	Maximum Total Living Allowance
Full-time	1700	\$12,100	\$24,200
One-year Half-time	900	n/a	\$12,800

C. What is the Maximum Cost per Member Service Year (MSY)?

The Corporation considers comparative Cost per MSY in funding decisions. Cost per MSY is calculated by dividing the Corporation’s share of the budget request by the number of MSYs requested in the application. The cost per MSY does not include child care or the value of the education award a member may earn. The maximum amount an applicant may request from the Corporation per MSY is determined on an annual basis.

Continuation and re-competing grantees requesting a higher cost per MSY than in the previous year must include a compelling rationale for this increased cost in the Budget Adequacy/Cost Effectiveness section of the application narrative. **This applies even if the increased cost per MSY is less than the maximum.**

Table 3: 2011 Maximum Cost per MSY

Grant Program	Maximum
Average across State Formula	\$13,300

D. What are the member enrollment requirements for existing grantees?

Table 4: Term of Service and Education Award

Term of Service	Minimum # of Hours	Education Award
Full Time	1700	\$5,550
One-Year Half Time	900	\$2,775
Two-Year Half Time	900	\$2,775

IV. APPLICATION AND SUBMISSION INFORMATION

Providing an e-mail address will also allow the Commission to contact applicants directly if application materials are updated.

¹ One MSY is equivalent to at least 1700 service hours, a full-time AmeriCorps position. VI. APPLICATION REVIEW INFORMATION

A. What are the Selection Criteria?

Each application must clearly describe a project that will effectively deploy AmeriCorps members to solve a significant community problem and respond to the following criteria.

1. Program Design (50%)

In assessing Program Design, reviewers will examine the degree to which the applicant clearly describes and convincingly links four major elements: (1) the problem(s) identified, (2) the solution that will be carried out by AmeriCorps members and community volunteers, (3) the ways in which AmeriCorps members are particularly well-suited to deliver the solution, and (4) the anticipated outcomes. Specifically, reviewers will assess the extent to which the applicant:

- Provides persuasive evidence that the identified problem exists in the targeted community(ies).
- Demonstrates that individuals recruited and selected to be AmeriCorps members will:
 - Have the appropriate backgrounds, qualifications and skills to succeed.
 - Receive orientation, training, and supervision to ensure impact in the community.
- Provides evidence that the program will provide AmeriCorps members a powerful service experience that leads to continued engagement in active civic participation.
- Makes the case that engaging AmeriCorps members is a highly effective means of solving the identified community problem(s).
- Describes, to the extent possible based on evidence, how the activities in which AmeriCorps members and volunteers will engage will have a measurable impact on the identified community problem(s).

If a new applicant is already working on the problem(s) identified in the application, the applicant should describe these efforts and impact to date and describe how the proposed use of AmeriCorps members will add value, i.e., be more effective than what is currently being implemented, or enhance existing efforts.

2. Organizational Capability (25%)

Reviewers will assess the extent to which:

- The organization has the experience, staffing, and management structure to plan, implement and evaluate the proposed program.

- The organization has secured, or describes an effective plan for securing, the financial and in-kind resources necessary to support program implementation and to demonstrate community stakeholder support.
- Current or previous AmeriCorps grantees filled the member positions they were awarded and retained the AmeriCorps members they enrolled or have provided an explanation for less than 100% enrollment and retention.
- The organization has a well-developed plan for expanding on its success through expansion or assuring adaptation of its program model by other organizations.

3. Cost Effectiveness and Budget Adequacy (25%)

For cost-reimbursement grants, reviewers will assess the extent to which:

- The budget is clear, reasonable, cost-effective, and in alignment with the program narrative.
- The requested funds do not exceed the maximum cost per Member Service Year (MSY), or for existing programs, have not increased over previous years.

B. What are the goals of the review and selection process?

The Corporation's review and selection process is designed to:

- Give every eligible application full and fair consideration.
- Select a high-quality, well-balanced portfolio of programs that will engage AmeriCorps members in solving pressing problems in communities across the nation.

The Corporation's assessment of applications involves a wide range of factors and considerations. As in the past, the Corporation will engage external reviewers to provide insight and input with respect to eligible applications. In addition, Corporation staff will apply their experience and expertise in evaluating applications. In the end, the review and selection process will produce a balanced set of high-quality programs that represent the priorities and selection factors described in this *Notice*.

Specifically, the review and selection process is designed to:

(1) Identify eligible applications that satisfy the following considerations:

- **High-quality response to criteria articulated in this *Notice*, above.**
- **Priorities, in the order of preference stated in this *Notice*, above.**
- **Additional Considerations:**
 - Recruitment and deployment of community volunteers to leverage impact.
 - State Commission rank and recommendations.
 - State Commission input on multi-state applications.
 - Data on applicant history and performance.
 - Relative risk and opportunity.
- **Strategic Characteristics:**
 - Building capacity for individuals, nonprofits and communities to solve problems.
 - Expanding opportunities to serve; particularly for new Americans, low-income individuals, rural residents, older Americans, veterans, members of faith-based

- organizations, communities of color, and people with disabilities.
- Embracing innovative approaches to solving problems.

(2) Compile a balanced portfolio based on the following characteristics:

- Geographic representation.
- Equitable treatment of
 - Rural and urban communities.
 - Small and large programs.
 - Single and multi-state programs.
- Involvement of underserved and economically disadvantaged communities.

C. What are the stages in the review and selection process?

1. Compliance Review

Corporation staff will review all applications to determine compliance with eligibility, deadline, and completeness requirements. Applications that are submitted by eligible organizations, submitted by the deadline, and that are complete, will advance to External Review.

2. External Review

External reviewers will assess applications based on the Program Design criteria. Each application will be reviewed by at least three external reviewers. Reviewers will be recruited and selected on the basis of demonstrated expertise in AmeriCorps programming, and/or the selection criteria, focus areas, and national performance measures as described in the amended *Notice*. All external reviewers will be screened for conflicts of interest.

3. Post External Review Quality Control (Quality Control)

Quality Control is designed to ensure that every eligible application receives full and fair consideration in the review process. After the external reviewers complete their assessment, staff will review the results to determine whether any applications should receive a Quality Control assessment. This additional level of review may be used for:

- Applications ranked first by a state commission that received low scores in External Review.
- Applications for which there are significant panel anomalies.
- Applications submitted by high-performing current grantees that received a low rating in peer review.

Applications identified for additional assessment will be reviewed by an external Quality Control reviewer. The Quality Control reviewer provides an assessment of the application's key strengths and weaknesses, and compares his or her findings to that of the original panel.

4. Selection of Applications for Internal Review

Upon completing External Review and Quality Control, Corporation staff will determine which applications advance to Internal Review. Applications will advance to Internal Review based on the results of the External Review and Quality Control, as well as the consideration of the priorities, balancing characteristics, additional considerations, and strategic characteristics, listed above. In addition to applications that perform well in External Review, staff may advance applications that did not perform well in External Review on the basis of the Quality Control results and the considerations listed above.

5. Internal Review

Commission staff will assess Program Design, particularly focusing on evidence-basis for the proposed solution(s) to the identified community problem(s), appropriateness of national service as a solution, and potential quality of the member experience; Organizational Capability; and Cost Effectiveness and Budget Adequacy. Following staff assessment, some applicants may receive requests to provide clarifying information. Clarification information is used by CNCS staff in making final recommendations. A request for clarification does not guarantee a grant award.

CNCS staff will determine which applications to recommend for selection based on the results of External Review, Quality Control, Internal Review, and Clarification; and the priorities, balancing characteristics, additional considerations, and strategic characteristics listed above.

6. Selection

The Commissioners will select the final portfolio based on staff recommendation, and considering overall quality, priorities, balancing characteristics, additional considerations, and strategic characteristics listed above.

D. What feedback will applicants receive?

Following grant awards, each applicant will receive the results of external and, if applicable, internal review pertaining to their application.

E. Will the priorities also be used in making decisions regarding continuation expansion requests?

Yes. Requests for continuation expansions will be assessed using the same priorities as the new and recomplete applications.

F. How long will the selection and review process take?

Processing and selecting applications for funding will require approximately four months.

VI. AWARD ADMINISTRATION INFORMATION

A. When will grants be awarded?

The Commission will award grants following the grant selection announcement. We anticipate announcing the results of this competition by late summer, 2011.

B. What documents govern the grant?

The AmeriCorps regulations and grant provisions are incorporated in the Notice of Grant Award. The Notice of Grant Award incorporates the approved application as part of a binding commitment under the grant.

C. What is the Project/Award Period?

The Corporation generally makes grant awards for three years, with funding in annual increments. Grantees will be eligible for continuation funding in the second and third year contingent on the availability of appropriations, compliance, and satisfactory performance. **The project start date may not occur prior to the date the Corporation awards the grant. AmeriCorps members may not begin service prior to the beginning of the member enrollment period as designated in the grant award. A program may not certify any hours a member performs prior to the beginning of the member enrollment period.**

D. What are the reporting requirements for these grants?

Grantees other than fixed-amount grantees are required to provide annual performance, bi-annual financial reports, and an internal or external evaluation report as required by the AmeriCorps regulations §§2522.500-2522.540 and §§2522.700-2522.740. All grantees provide quarterly expense reports through the Payment Management System at the U.S. Department of Health and Human Services.

If you receive an award, you will be required to report at www.FSRS.gov on all subawards over \$25,000 and may be required to report on executive compensation for your organization and for your subgrantees. You must have the necessary systems in place to collect and report this information. See 2 C.F.R. Part 170 for more information and to determine how these requirements apply.

The Commission may require additional reports in order to be in compliance with specific requirements of the Government of Puerto Rico.

E. Disaster Funding

The Corporation reserves the right to re-focus program dollars in the event of disaster or other compelling need for service.
